

# SIDE BAND

## 612-TIP-0711 (LEFT) 612-TIP-0712 (RIGHT)

**Seed Placement:** The seed is placed in a 3/4" (19 mm) band onto a firm, unfractured seedbed.

**Fertilizer Placement:** Fertilizer is delivered in a band off to the side (right or left) on the same level as the seed. In less than ideal conditions, mixing between seed and fertilizer may occur.

*For precautions & risk factors please refer to page 34-35.*

**Disturbance:** Unique design of the tip provides low disturbance, low draft and smoother fields.

**Replaceable Tips:** Cast chrome body with carbide inserts on the nose of the tip and the wing for excellent penetration and wear resistance. Narrow carbide cutting edge on the wing for exceptional penetration.

**Packer Recommendations:** 2-1/4" (57mm) or wider.

### Fertilizer Options:

-  Granular
-  Liquid
-  Granular + Phos
-  Liquid + Phos
