

NON-FREEZE FERTILIZER KNIVES

These long wearing, non-freeze fertilizer knives offer less disturbance, quick sealing with minimal gassing off and have replaceable carbide tip options.

For a more detailed view of these openers see page 116.

FITS 200 SERIES SPEED-LOC™

N

- NH₃ tube size is 1/2" (12 mm) O.D. and is designed to work with cold-flow anhydrous units.
- Welded 3/4" (19mm) tip makes this opener better in rocky conditions.
