- M12-DIN608 10.9 plow bolts.

200-QCA-5030

50° SHANK

- Fits Horsch shanks.
- 57 mm center to center.
- M12-DIN608 10.9 plow bolts.

Don't forget the Speed Release Tool

200-REL-1010

The speed-release tool must be used to remove 200 and 410 Series sweeps and openers off the Speed-Loc™ adapters.

Not sure which adapter is for you or which bolts you need?

Refer to our *Speed-Loc™* adapter chart on pages 72-73. For a complete list of bolt lengths, see pages 91.
